ACUPUNCTURE INFORMATION FORM

Insurance verification for Acupuncture

Natural Care Center of Woodbury 10150 City Walk Drive, Suite F Woodbury, MN 55129 Tax ID Number: 47-4130274

Acupuncture has been found to be beneficial for many conditions, however most insurance plans only cover acupuncture for very limited conditions and/or under very specific restrictions. This means your insurance might not cover your acupuncture treatments at Natural Care Center of Woodbury.

We encourage our patients to contact their insurance to determine if acupuncture will be covered for the condition you are being treated for. Your insurance company phone number should be on the back of your insurance card.

Below are some questions we recommend you ask your insurance plan to help determine if acupuncture might be covered:

- Insurance company (name & phone #):

- Date you called and who you spoke with:

- Call reference number (ask for this if they don't automatically give it to you):

- Is acupuncture covered under my plan when performed by a **Licensed Acupuncturist**?

- Are there restrictions for acupuncture coverage, such as:
 - Must be supervised by an M.D.?
 - Must be performed in a Pain Clinic?
 - Only covered with anesthesia during a surgical procedure?

- Is it covered for my condition (you will need to tell them why you are seeking acupuncture care, such as chronic pain, nausea, infertility, etc.)?

- Is a referral from my primary care provider needed?

- Is pre-authorization needed?

If you determine acupuncture may be covered for your condition, you will also need to ask about your financial responsibilities:

- Do I have visit limits for acupuncture on my plan?

- Deductible?

- Copay or co-insurance?

Please keep in mind that every insurance company has the following (or similar) disclaimer when you call about coverage: ***"This is not a guarantee of payment. Final decision to pay or deny a claim will not be determined until a claim is received by us."*** Therefore, you will be responsible for payment of any services denied by your insurance plan.
